

AFRICA: MAP REQUIREMENTS

All of the following components listed on this sheet are required for the Africa map that you will be creating in preparation for a future map quiz. Please write as neatly as possible, so that you can read it, and information can be recalled from it. (20 points)

POLITICAL SIDE: (flat side)

1. All countries and capitals (it sometimes helps to outline each country so that they can be seen separate from each other)
2. Should include Madagascar (and its capital), the Canary Islands, Azores, Madeira Island, Socotra, Amirante Island, the Seychelles, Pemba Island, Zanzibar, Aldabra Island, Comoros Islands, Equatorial Guinea, Sao Tome & Principe, and Mauritius (and its Capital).
3. All capes and peninsulas.
4. Mark the Equator, Tropic of Cancer, and the Tropic of Capricorn

PHYSICAL SIDE: (textured side)

1. All mountain ranges, plateaus, deserts, and highlands (not individual mountains though)
2. All rivers, lakes, reservoirs (“pans” on this map)
3. All oceans, seas, gulfs, bays, straits, canals, and channels.
